

## **The London Heliport**

Is recruiting for the role of:

### **FireFighter**

The London Heliport is currently looking to expand their Fire & Rescue Service, with the unique opportunity of joining their team in the role of Firefighter with additional duties.

#### **Job Description**

As part of a duty watch, the role of firefighter varies from day to day. Apart from the required training to maintain competency in firefighting, the additional duties on the Ground Handling side will require as much dedication.

These duties will include but are not limited to Marshalling, Fuelling, Passenger Handling, Aircraft Safety, Aircraft Moving and Medical Response both on and off Airfield. All the while being ready to respond in under two minutes to an Emergency.

The current shift pattern is a two week rotation, 06:30 - 19:30, with extensions up to 23:00 to cover operational requirements.

Full training will be provided and candidates who show an interest will be encouraged and supported to progress their careers.

#### **Salary**

Competitively based salary rising after probationary period.

#### **Preferences**

The ideal candidate will hold either a current CAA competency-based qualification in Aviation Firefighting or the equivalent Local Authority qualification.

## **Basic Requirements**

- Full Medical will be required before appointment.
- A good level of fitness and willing to maintain that level
- A good level of vision (eyeglasses and contact lenses may be worn however these will need to be compatible with the use of Breathing Apparatus) An opticians report may be required at the Medical Stage
- A good level of Hearing in line with functional Standards (with artificial aids where applicable)
- Full Manual Driving Licence with C1 endorsement

**Please email with your CV and a covering letter**
